Make the team.

Make money to watch college sports.

"z": 1.25 "x": 1.25

"y": 1.32

## Sounds too good to be true? It's not.

PAY: We pay per game up to $160.00 plus expenses (ticket and travel).

WHAT: We are looking for a reliable data collection specialist to go to college sports games and collect data around key events while sitting in the venue.

WHO: Looking for adults (18 or older) throughout the United States with basic knowledge of one or more sports: football, basketball, baseball, or ice hockey. You'll be a vital part of our team, right at the source of the data journey, doing the most exciting job your friends haven't heard of (yet).

To get started, fill out and submit the application form today!

WHO IS SPORTRADAR?

We are the leading global sports technology company creating immersive experiences for sports fans and bettors. Listed on the NASDAQ (SRAD) stock exchange in 2021 and established in 2001, the company is well-positioned at the intersection of the sports, media, and betting industries. We provide sports federations, news media, consumer platforms, and sports betting operators with a range of solutions to help grow their business.

RESPONSIBILITIES:

– Attend College games and collect data from the venue in real-time
– Oversee pre-match reporting processes on scheduled events such as game time, lineups, etc
– Comply with the moral code of the profession

REQUIREMENTS:

– Excellent knowledge of the rules and game play of the sport
– Must have transportation to the venue
– Excellent attention to detail
– Clear and efficient communication skills

BENEFITS:

– Competitive pay based on the successful completion of the data collection
– Expenses for your travel are fully reimbursed
– Full scout training is included
– Official accreditation for the games will be arranged for you
– Great way to get into the Sports Technology industry
